

2023 ANA-MI LEADERSHIP CANDIDATE

DIRECTOR

Kristen Munyan, DNP, RN, FNP-BC

New Mexico Highlands University, Easter Seals
| Assistant Professor and Nurse Practitioner

Briefly describe your previous experience with volunteer leadership through ANA-Michigan or another organization.

My professional service has included serving as a member of the former Public Policy Committee with ANA-Michigan, a member of the white paper committee for ANA on the topic of Moral Resilience in Nursing, and as Secretary (former) and Vice President to the Sigma Theta Tau Theta Psi At-Large Chapter.

Please provide a brief statement of your interest, vision, commitment, and projected contributions to this position.

I believe that the advocacy and leadership provided by ANA State and National officers will be imperative as we emerge from pandemic conditions into a significantly altered health system. With the nursing profession facing evolving work environment and regulatory issues, particularly in Michigan, I feel it is important to engage as many nursing professionals as possible in our professional organizations. I would enjoy offering my support and leadership experience to ANA-Michigan as a Director. I have previously served as a clinical leader in my practice environment, and as Undergraduate Program Director at Oakland University in the semesters following the disruptions of the pandemic. My research has included clinical practice concerns and traumatic stress among nursing professionals.
